

JR&Co-Stars October 2018 Nominations

We are determined to be London's best commercial cleaners. Our aim is to do everything the right way: the JR&Co way. This is how we ensure that we have carefully selected, well trained, experienced and motivated staff. It's how we can offer you a clean, safe and secure workplace with an extra level of engagement.

At the end of the day we all love a little thanks and praise, so the JR&Co Stars scheme is our way of making sure any praise from our clients for our cleaners is communicated and publicly rewarded.

If our cleaners receive a nomination they get a certificate and a £20* cash reward. To nominate, please visit our website.

"Myself and Mike would like to nominate Domingos, our cleaning contract manager.

He originally made a great first impression when first meeting during a referenced site visit. Showing so much passion and taking pride in his working environment. It later on developed that Domingos was selected following interest, joining our team at Canary Wharf.

Since the beginning of the contract he has excelled, consistently working

above and beyond. It was a big responsibility in order to learn the knowledge of the building, our demands and managing a new team.

Training and working with our day and night operatives we are now confident that they are working in harmony, which has had an impact in improving the quality of work.

No cleaning or staff issues in the building have phased Domingos, with him always finding a way forward. Consistently looking for better ways of working, and implementing new ideas. Overseeing the contract on a daily basis, we have the assurance that this is being managed to an exceptionally high standard.

Having high expectation, we can honestly say that they have been fulfilled. We look forward to continuing to work alongside Julius Rutherfoord, building on a great working relationship. And would highly recommend, feeling positive that Domingos will make every effort to ensuring we as the client are happy."

"We had a client hiring Freemasons' Hall for the Alternative Hair Shows and they 'forgot' to confirm the JR&Co cleaning team for 2 shows with 1,300 ticket holders plus 300 competitors and 100 crew. Carlos happened to be at FMH in the morning doing some regular cleaning, and I asked if he could arrange some of the team at

short notice when it became apparent the client had not arranged anything. Carlos was unable to get any of his team at short notice, but he stepped in and rescued the day by staying and working and helped made the shows a success. A credit to the JR&Co team, and an absolute star for us at FMH."
